

# Air Quality Index in San Francisco

[Draft]

# Overview

- [Overview of project]

# Purpose: Why we care

- [Description of environmental impact over time]

# Data Source: EPA.gov

- [Description of EPA]
- [Description of AQI]
  - [Description of pollutants]

# Exploratory Analysis

- [Initial findings]
  - [Why we selected focus]
  - [Matching the data]
  - [etc.]

# Anticipated Results

- Dataframe suggested...
  - We looked at ...
  - Then ...

## Plots: AQI vs. Time

# Machine Learning Model

- [\[Link to model\]](#)

# Tools Used

- [\[link to technology.md\]](#)

# Possible Errors

- During our analysis...

# Future Research

- Further examination into wildfires & their causes...
- Individual AQI over longer time period (i.e. 20 years)
- [etc...]

# Fin

- [Final thoughts...]
